RAILROADS TO FIGHT SWITCHING ORDER

Take Steps to Enjoin State Commission From Putting New Law Into Effect in Texas.

Austin, Tex., Nov. 29.—That the railroads of Texas will resist the new switching order just promulgated by the railroad commissioners, which became effective January 1, 1913, is now almost certain. Judge Hiram Glass, general attorney for the railroads at Austin, today asked the railroad commission to enjoin the state from putting the new law into effect.

IOWA WOMAN WELL AGAIN

Freed From Shooting Pains, Spinal Weakness, Dizziness, by Lydia E. Pinkham's Vegetable Compound.

Ottawa, Iowa.—"For years I was almost a constant sufferer from female troubles in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider Well This Advice.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Incorporated) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

mission for all copies of the papers, orders, arguments, etc., involved in the hearing, and the issuance of the order. This means that the railroads intend to contest the order through injunction proceedings to restrain the commission from putting the order in effect. When the commission some time ago announced its decision, the railroads promptly protested and a hearing was held.

HIGHLANDERS KICK.
"No extra, no political support," is the motto of the Highland Park voters. They say that the city administration always looks to Highland Park for a large administration vote, yet when the Highlanders ask to have a few streets put to grade by the city teams they say there is nothing doing, as the teams are otherwise engaged.

JURY FINDS HYDE
GUILTY OF BRIBERY

Former City Chamberlain of New York Is Led Across "Bridge of Sighs" To the Tomb.

New York, N. Y., Nov. 30.—Charles H. Hyde, former city chamberlain, was found guilty of bribery in connection with the performance of his duty as a city official.

Judge Coffey remanded Hyde until December 4, and the former chamberlain was led across the "bridge of sighs" to the tomb. It was his first taste of prison life, for he had been at liberty on bail since his indictment and during his trial.

The "gaily" felt from the forehead of Hyde's eyes, which had been fixed on the jurors' faces, did not waver and he gave no evidence of emotion. After his counsel, John B. Stanchfield, had obtained the privilege of making such motion in the case on Wednesday next as he deemed proper, the "pedigree" of the former chamberlain was taken. Hyde answered the questions in a clear voice. When he came to be led away he finished and walked with drooping head to the door.

The section of the law under which Hyde was convicted provides a penalty of imprisonment for not more than 10 years or a fine of \$10,000 or both.

A Plain Statement to the Railroad Men of the Southwest.

To the Railroad Men in El Paso and Throughout the Southwest.

For a quarter of a century the Hixson store has enjoyed the confidence and patronage of the majority of the railroad men running into El Paso. Recently a slander has been circulated to the effect that Hixson didn't "give a damn" for the business of railroad men.

Probably two months ago, this was told us by several of our railroad men, but we thought that it would wear itself out.

However, we find that many railroad men are taking this slander at its face value.

To show you how utterly unfounded this rumor is, we propose not only to give it the lie but the greatest possible publicity.

We wish to say that the unqualified success of the Hixson company has been largely due to the patronage of the railroad men of El Paso and throughout the southwest. We are anxious to retain our pleasant relations with all of you, and are today in position to serve you better than at any time in the history of the Hixson store.

In addition to this direct letter, we send each and every one of you a card of invitation to visit us, when we will take pleasure in expressing personally what we think of the false allegation that has gone forth.

Yours truly,
W. T. Hixson Co.

A GOOD BEGINNING

Many people have already accepted the offer of free treatment from Dr. Milam and are entirely pleased. One patient says: "I wish I had known the doctor years ago because I have been relieved of my nervousness and am able to sleep for the first time in many months soundly without the use of medicine. Dr. Milam is not only a doctor, but a friend. He has examined me and I have been cured. I leave that claim of work to the family doctor. He is in no way a competitor to any good family doctor. The first five years of his professional life he did family work and knows how

and yet is but a middle aged man, who visits the larger cities often for post-graduate work and keeps abreast of the times. In fact, he has everything modern to assist him in making diagnosis and treating patients in his special line. In the treatment of private diseases of men and women he has discarded the old style that has caused so many countless wrecks and caused more suicides than all things combined.

Dr. Milam does not treat symptoms, but with the microscope and allied appliances searches every portion of the body and when the cause is located he proceeds to remove it and the patient thinks it is marvelous that he secures such quick results. Do not write to Dr. Milam, but come in person. Nothing but the barest quick work to treat a person whom he has never seen. Dr. Milam does not go out of his office to visit patients, except those who come from the country to hotels or for operations which sometimes may be necessary. He leaves that class of work to the family doctor. He is in no way a competitor to any good family doctor. The first five years of his professional life he did family work and knows how

to treat all gentlemen. Dr. Milam has simply adopted the commercial style of securing business and his ethics "Do unto others as you would have them do unto you."

He comes to El Paso with the very best professional and financial endorsements and expects to build the largest and most successful practice in the southwest. Do not wait to see names of troubles you have. He does not care by what name it may have been named. You know that you need restoration. Then present yourself and get cured while it will cost you practically nothing.

By interposing your thorough investigation and would refer you to the banks and many business men of this city, who have known him for years, or any business man of any other city where he has ever lived. Offices in the Colos building, rooms 5 and 4.—Advertisement.
